REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

In our opinion the Fund's financial statements present fairly, in all material respects, the financial position of the Al Yusr SAR Murabaha Fund (the "Fund") managed by SAB Invest (the "Fund Manager") as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

We have audited the financial statements of the Fund, which comprise of the following:

- ▀ The statement of financial position as at 31 December 2023;
- ▀ The statement of comprehensive income for the year then ended;
- ▀ The statement of changes in net assets (Equity) attributable to the unit holders for the year then ended;
- ▀ The statement of cash flows for the year then ended, and;
- ▀ The notes to the financial statements, comprising material accounting policies and other explanatory information.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the code of professional conduct and ethics that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the Fund's financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

RESPONSIBILITIES OF THE FUND MANAGER AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA and Regulations for Fund and the Fund's Terms and Conditions and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations or has no realistic alternative but to do so.

Those charged with governance, i.e. the Fund Manager, is responsible for overseeing the Fund's financial reporting process.

(2/3)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- ❖ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures by the the Fund Manager;
- ❖ Conclude on the appropriateness of Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists, related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that the material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern; and
- ❖ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

1. INCORPORATION AND PRINCIPAL ACTIVITIES

Al Yusr SAR Murabaha Fund (the “Fund”) is an open-ended fund domiciled in Kingdom of Saudi Arabia, created by an agreement between SAB Invest (the “Fund Manager”), a subsidiary of The Saudi Al-Awal Bank (formerly a subsidiary of the Saudi British Bank) (the “Bank”) and investors in the Fund (the “Unitholders”).

The Fund Manager registered office is at P.O. Box 1467, Riyadh 11431, Kingdom of Saudi Arabia.

Al Yusr SAR Murabaha Fund	
Commencement Date	26 December 2001
Latest Governing Terms and Condition Date	12 July 2023
Category	Sharia'ah compliant
Objective	Capital preservation and appreciation
Allowed Investment Channels	Morabaha deposits

The Fund has appointed Riyadh Capital Company (the “Custodian”) to act as its custodian and registrar. The custody fees and registration services are paid by the Fund.

The Fund Manager is responsible for the overall management of the Fund's activities. The Fund Manager can also enter into arrangements with other institutions for the provision of investment, custody or other administrative services on behalf of the Fund.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the “Regulations”) detailing requirements for all investments funds operating within the Kingdom of Saudi Arabia and published by the Capital Market Authority (the “CMA”) on 3 Dhul Hijja 1427H (corresponding to 24 December 2006). The Regulations were further amended on 12 Rajab 1442H (corresponding to 22 February 2021) (the “Amended Regulations”). The Fund Manager believes that the Amended Regulations was effective since 19 Ramadan 1442H (corresponding to 01 May 2021).

3. BASIS OF PREPARATION

3.1. Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”), as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”) (collectively referred to as “IFRS as endorsed in the KSA”).

3.2. Basis of measurement

These financial statements have been prepared under the historical cost convention, except for the investments at fair value through profit or loss that are measured at fair value. Furthermore, these financial statements are prepared, using the accrual basis of accounting on a going concern basis.

3.3. Functional and presentation currency

These financial statements are presented in Saudi Arabian Riyal (SAR) which is also the functional currency of the Fund.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

3. BASIS OF PREPARATION (CONTINUED)

3.4. Financial year

The financial year of the Fund commences on 1 January and ends on 31 December of each calendar year.

3.5. Key accounting estimates and judgements

In the ordinary course of business, the preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods affected. Major areas where estimates or judgements made are significant to the Fund's financial statements or where judgement was exercised in the application of accounting policies are as follows:

Use of judgements

Assessment as investment entity

Entities that meet the definition of an investment entity under IFRS are required to measure their investments at fair value through profit or loss rather than applying equity accounting method or consolidation. The criteria, which define an investment entity, is as follows:

- an entity that obtains funds from one or more investors for the purpose of providing those investors with investment services;
- an entity that commits to its investors that its business purpose is to invest funds solely for returns from capital appreciation, investment income or both; and
- an entity that measures and evaluates the performance of substantially all of its investments on a fair value basis. The Fund's investment proposal to the unit holders clearly states its objective of providing investment management services to investors, for the purpose of capital appreciation with a clearly documented exit strategy from the investment.

The Fund's investment proposal to the unit holders clearly states its objective of providing investment management services to investors, for the purpose of capital appreciation with a clearly documented exit strategy from the investment.

The Fund reports to its investors and to its management, the investment it manages on a fair value basis. The investment is reported at fair value to the extent allowed by accounting standards in the Fund's annual financials. The Fund's exit strategy for its investment is reviewed annually. Therefore, the Management concluded that the Fund meets the definition of an investment entity.

Going concern

The Fund Manager has made an assessment of the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern. Accordingly, these financial statements have been prepared on a going concern basis.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

3. BASIS OF PREPARATION (CONTINUED)

3.5. Key accounting estimates and judgements (continued)

Use of estimates

Measurement of fair values

The Fund's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or liability, the Fund uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted priced included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Fund recognizes transfers between the levels of the fair value hierarchy at the end of the reporting year during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in note 15 of these financial statements.

Impairment of financial assets

The Fund applies and determines expected credit loss (ECL) model for the measurement and recognition of impairment loss on the financial assets and credit risk exposure that are debt instruments and are measured at amortized cost e.g., bank balances. An expected credit loss is the probability weighted estimate of credit losses (i.e. present value of all cash shortfalls) over the expected life of the financial asset. For the determination of the expected credit loss, the fund evaluates among other factors, the credit risk, default and timing of collection since initial recognition. This requires recognizing allowance for expected credit losses in the statements of comprehensive income.

4. MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been adopted by the Fund and applied consistently throughout all years presented in these financial statements.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2. Financial instruments

4.2.1. Initial recognition and measurement of financial assets

All regular way purchases and sales of financial assets are recognized / derecognized on the trade date (i.e. the date that the Fund executes purchase or sale of the assets). Regular way purchase or sale of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the marketplace.

All other financial assets and liabilities (including assets and liabilities designated at fair value through profit or loss) are initially recognized on trade date at which the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss is recognized immediately in statement of comprehensive income. For all other financial assets and financial liabilities transaction costs are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

4.2.2. De-recognition of financial assets

Financial assets are derecognized when the contractual rights to the cash flows from the financial assets expire, or when the financial assets and substantially all the risks and rewards are transferred.

4.2.3. Classification and subsequent measurement of financial assets

Financial assets are classified into the following specified categories:

- Financial assets at fair value through profit or loss (FVTPL);
- Financial assets at fair value through other comprehensive income (FVOCI); or
- Financial assets at amortized cost.

4.2.4. Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans, government and corporate Sukuk, Murabaha placement.

Classification and subsequent measurement of debt instruments depend on:

- (i) The Fund's business model for managing the asset; and
 - (ii) The cash flow characteristics of the asset.
- **Financial assets at amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and profit, are measured at amortized cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognized in statement of income. Profit income from these financial assets is included in 'Special commission income' using the effective interest rate method.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2. Financial instruments (continued)

4.2.4. Debt instruments (continued)

- **Financial assets at fair value through other comprehensive income:** Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets cash flows represent solely payments of principal and profit, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, special commission income and foreign exchange gains and losses on the instrument's amortized cost are recognized in statement of income. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss statement. Profit income from these financial assets is included in 'Special commission income' using the effective interest rate method.
- **Fair value through profit or loss:** Financial assets that do not meet the criteria for amortized cost or FVOCI are classified as fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value is presented in the statement income in the year in which it arises. Profit income from these financial assets is included in 'Special commission income' using the effective interest rate method.

4.2.5. Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets. Examples of equity instruments include basic ordinary shares.

The Fund subsequently measures all equity investments at fair value through profit or loss, except where the Fund Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The Fund's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to generate investment returns. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to the statement of income, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognized in the statement of income as 'Dividend income' when the Fund's right to receive payments is established.

4.2.6. Impairment of financial assets

The Fund considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1');
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2'); and
- 'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date. However, none of the Fund's financial assets fall into this category.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2. Financial instruments (continued)

4.2.6. Impairment of financial assets (continued)

'12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second and third category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

4.2.7. Classification and measurement of financial liabilities

Liabilities are recognized on an accrual basis for amounts to be paid in the future in return for services received, whether or not billed by the provider.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Fund has designated a financial liability at FVPL.

Subsequently, financial liabilities are measured at amortized cost using the effective interest rate method.

4.3. Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Fund has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Fund measures instruments quoted in an active market at the market price because this price provides a reasonable approximation of the exit price.

4.4. Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the statement of assets and liabilities when, and only when, the Fund currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

4.5. Net assets attributable to unitholders

The net assets attributable to the unitholders comprise redeemable units issued and accumulated profit generated by the Fund. The redeemable units are classified as equity as explained below.

4.6. Redeemable units

Units subscribed and redeemed are recorded at the net assets value per unit on the Valuation Day for which the subscription request and redemption applications are received.

The Fund classifies its redeemable units as an equity instrument if the redeemable units have all of the following features:

- It entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation;
- The instrument is in the class of instruments that is subordinate to all other classes of instruments;
- All financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.6. Redeemable units (continued)

- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata shares of the Fund's net assets; and
- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the statement of comprehensive income, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instrument.

The Fund's redeemable participating units meet the definition of puttable instruments classified as equity instruments under IAS 32.16A-B and accordingly, are classified as equity instruments.

The Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have any of the features or meet all the conditions set out in paragraphs 16A and 16B of International Accounting Standard (IAS 32), the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognized in net assets attributable to unit holders. The subscription and redemption of redeemable units are accounted for as equity transactions as long as units are classified as equity.

4.7. Net assets value per unit

The net assets value per unit disclosed in the statement of financial position is calculated by dividing the net assets of the Fund by the number of units in issue at the reporting date.

4.8. Zakat

Zakat is the obligation of the Unitholder and is not provided for in these financial statements.

4.9. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Fund and the amount can be reliably measured, regardless of when payment is being made.

4.10 Dividend income

Dividend income is recognized in the statement of comprehensive income when declared (i.e. when the Fund's right to receive the dividend is established).

4.11 Management fee, custody fee and other expenses

The Fund's expenses include management fee, custody fee and other expenses. Management and custody fee are based on predetermined rates as specified in the Terms and Conditions of the Fund. Detailed policies are as follows:

4.12. Management fee

Fund's management fees are recognized on accrual basis and charged to the statement of comprehensive income. Fund management fee is charged at agreed rates with the Fund Manager and as stated in the terms and conditions of the Fund.

AL YUSR SAR MURABAHA FUND

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.13. Custody fee

The Fund shall pay the Custodian an annual fee (the “Custodian Fee”) equal to 0.0647% of the value of the Fund’s assets (based on the most recent asset valuation). The Custody fee shall be paid in quarterly instalments.

5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS

5.1. New standards, amendments to standards and interpretations

The following amendments to standards relevant to the Fund are effective for the annual periods beginning on or after January 1, 2023 (unless otherwise stated). The Fund adopted these standards and / or amendments, however, there is no significant impact of these on the financial statements:

Amendments to standards	Description	Effective from accounting period beginning on or after	Summary of amendment
IFRS 9 (Amendments to IFRS 4)	Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)	01 January 2023	The amendment changes the fixed expiry date for the temporary exemption in IFRS 4 Insurance Contracts from applying IFRS 9 Financial Instruments, so that entities would be required to apply IFRS 9 for annual periods beginning on or after 1 January 2023.
IFRS 17	Insurance Contracts and its amendments	01 January 2023	This is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation, and disclosure. Once effective, IFRS 17 (along with its subsequent amendments) will replace IFRS 4 Insurance Contracts (IFRS 4) which was issued in 2005.
IAS 1 and IFRS Practice Statement 2	Disclosure of accounting policies	01 January 2023	This amendment deals with assisting entities to decide which accounting policies to disclose in their financial statements.
IAS 8	Amendment to the definition of accounting estimate	01 January 2023	These amendments regarding the definition of accounting estimates help entities to distinguish between accounting policies and accounting estimates.
IAS 12	Deferred tax related to assets and liabilities arising from a single transaction	01 January 2023	These amendments require companies to recognize deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences
IAS 12	International tax reform (pillar two model rules)	01 January 2023	These amendments give companies temporary relief from accounting for deferred taxes arising from the Organization for Economic Co-operation and Development’s (OECD) international tax reform. The amendments also introduce targeted disclosure requirements for affected companies.

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

5. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS (CONTINUED)

5.2. New standards, interpretations, and amendments not yet effective

Amendments to standards	Description	Effective from accounting period beginning on or after	Summary of amendment
IAS 1	Classification of liabilities as current or non-current	01 January 2024	The amendment has clarified what is meant by a right to defer settlement, that a right to defer must exist at the end of the reporting period, that classification is unaffected by the likelihood that an entity will exercise its deferral right, and that only if an embedded derivative in a convertible liability is itself an equity instrument the terms of liability would not impact its classification.
IFRS 16	Leases on sale and leaseback	01 January 2024	These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.
IAS 7 and IFRS 7	Supplier finance arrangements	01 January 2024	These amendments require to add disclosure requirements to enhance transparency of supplier finance arrangements, and 'signposts' within existing disclosure requirements, that ask entities to provide qualitative and quantitative information about supplier finance arrangements.
IAS 21	Lack of Exchangeability	01 January 2025	The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not.

6. CASH AND CASH EQUILENTS

	31 December 2023	31 December 2022
Cash in current account	278,199	12,802,229
Short-term bank deposits	11,510,883	19,045,588
	11,789,082	31,847,817

6.1 The fund's balance with the bank is held in current account and does not earn profit.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund measures certain financial instruments at fair value at each statement of financial position date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

Valuation models

The fair values of financial instruments that are traded in active markets are based on prices obtained directly from an exchange on which the instruments are traded or obtained from a broker that provides an unadjusted quoted price from an active market for identical instruments.

For financial instruments that trade infrequently and have little price transparency, fair value is less objective and requires varying degrees of judgment depending on liquidity, uncertainty of market factors, pricing assumptions and other risks affecting the specific instrument.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: Inputs other than quoted prices included within Level 1 that are observable either directly (i.e., as prices) or indirectly (i.e., derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments but for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

	Carrying value	Level 1	Level 2	Level 3	Total
<u>Financial assets measured at fair value</u>					
Investments carried at fair value through profit or loss (FVTPL)	-	-	-		

31 December 2022

	Carrying value	Level 1	Level 2	Level 3	Total
<u>Financial assets measured at fair value</u>					
Investments carried at fair value through profit or loss (FVTPL)	22,933,139	22,933,139	-	-	22,933,139

For financial assets and liabilities carried at amortized cost, their carrying values are a reasonable approximation of fair value.

AL YUSR SAR MURABAHA FUND

Open-Ended Fund

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

16. FINANCIAL RISK MANAGEMENT

The Fund has exposure to the following risks from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk.

This note presents information about the Fund's objectives, policies and processes for measuring and managing risk, and the Fund's management of capital.

Financial risk management framework

The Fund's objective in managing risk is the creation and protection of Unitholder's value. Risk is inherent in the Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Fund's continuing profitability. The Fund is exposed to credit risk, liquidity risk and market risk (which includes special commission rate risk, currency risk and price risk).

The Fund's investment manager has been given discretionary authority to manage the assets in line with the Fund's investment objectives. The composition of the portfolio are monitored by the Fund's Board on a semi-annual basis.

Concentration indicates the relative sensitivity of the Fund's performance to developments affecting a particular industry or geographical location. Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of liquidity risk may arise from the repayment terms of financial liabilities, sources of borrowing facilities or reliance on a particular market in which to realise liquid assets. Concentrations of foreign exchange risk may arise if the Fund has a significant net open position in a single foreign currency, or aggregate net open positions in several currencies that tend to move together.

In order to avoid excessive concentrations of risk, the Fund's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. The investment manager is instructed to reduce exposure or to use derivative instruments to manage excessive risk concentrations when they arise.

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund does not have a formal internal grading mechanism. Credit risk is managed and controlled by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. Credit risks are generally managed on the basis of external credit ratings of the counterparties. The Fund Manager seeks to limit its credit risk by monitoring credit exposure and by dealing with reputed counterparties. The Fund is exposed to credit risk on its bank balance. The table below shows the maximum exposure to credit risk for the component of the statement of financial position.

(Managed by SAB Invest)

NOTES TO THE FINANCIAL STATEMENTS**For the year ended 31 December 2023****(Amounts in Saudi Arabian Riyals)****16. FINANCIAL RISK MANAGEMENT (CONTINUED)****Liquidity risk**

Liquidity risk is the risk that the Fund will encounter difficulty in releasing funds to meet commitments associated with financial liabilities that are settled by delivering cash or other financial assets.

The Fund's terms and conditions provide for the terms of subscriptions and redemptions of units and it is, therefore, exposed to the liquidity risk of meeting Unitholder redemptions. However, the Fund is allowed to borrow in order to satisfy redemptions. The Fund's securities are considered to be readily realizable as they are all listed on stock markets. The Fund Manager monitors the liquidity requirements on a regular basis and seeks to ensure that sufficient funds are available to meet any commitments as they arise.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2023

(Amounts in Saudi Arabian Riyals)

8. FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates, special commission rates and equity prices will affect the Fund's income or the fair value of its holdings in financial instruments.

The Fund's strategy for the management of market risk is driven by the Fund's investment objective as per Fund's terms and conditions. The Fund's market risk is managed on a timely basis by the investment manager in accordance with the policies and procedures in place. The Fund's market positions are monitored on a timely basis by the Fund Manager.

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Fund is not subject to fluctuations in foreign exchange rates as it ordinary transact in Saudi Riyal, Qatar Riyal, Emirates Dirhams and Kuwaiti Dinar.

Special commission rate risk

The fund has special commission bearing financial assets. The fund manager actively monitors the interest rate developments and manages the risk accordingly.

9. SUBSEQUENT EVENTS

In the opinion of management, no events have occurred subsequent to the reporting date and before the issuance of these financial statements which requires adjustment to, or disclosure, in these financial statements.
